## WHOLESALE PRICE LIST

SPRING 1928

## PETER BOHLENDER &amp; SONS

TIPPECANOE CITY, (Miami County) OHIO

## TERMS OF SALE

In no case will long list of selected varieties be supplied less than five of a kind of either fruit or ornamental trees or plants, etc., at lowest rates; but at such discounts from retail prices as the character of the order will justify. Dealers orders, when billed on our grounds, must amount to \$50 or more to entitle them to wholesale prices.

All stock selected and marked by customer at the nursery will be charged for in accordance with its value; prices in this catalog will not govern such stock.

Boxes and packages charged as follows: 8 to 10 feet long; 30x30 inches, \$4.50; 28x28 inches, \$4.00; 24x24 inches, \$3.50; 20x20 inches, \$3.00; 18x18 inches, \$2.75; 16x16 inches, \$2.50; 14x14 inches, \$2.25; 12x12 inches, \$2.00. 12 feet boxes, 50c extra. Bales, 40c to \$3.00 according to size.

Terms sixty days net on approved credit; 3% discount before the stock is shipped. No accounts carried after December 1st except for late shipments used for storage for Spring sales. Net June 1st for established nurserymen.

Those ordering will please give plain and explicit directions as to the route and manner in which goods are to be forwarded, as our responsibility ends on delivering at Railway Station or Express Office.

While we hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label, free of charge, or refund the amount paid, it is mutually understood and agreed to, between the purchaser and ourselves, that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees, etc., that prove untrue.

## THE PACKING SEASON

In the Spring we usually commence digging from the 20th of March to the 1st of April, and continue into May; and in the fall from the 1st of October, continuing until cold weather sets in. A large stock and nearly full assortment of everything stored in frost proof cellars, except large ornamental trees and evergreens which are only dug when ordered. Connected by switch direct with B. & O. R. R., from which shipments can be made at any time.
